SPS

Solicitations
FedBizOpps/EPS

Fed BizOpps/EPS

Distribution
NAFI/JEDA (July 01)

EDA/NAFI/JEDA

PR Package

ABSS

D203

ACPS GUI
Server

Shared File

- Operational contracting
 - Using ABSS via interface to BCAS and SPS
 - Not a perfect world
- Central contracting
 - D203 (LG) still delayed, looking for interim solution
 - ABSS (FM) missing functionality/no interface to PK
 - ACPS GUI (PK) interim solution pilot test in LA
 - Shared file server pilot test

Contract Preparation

BCAS

SPS

ACPS

ACPS

GUI

- Operational Contracting
 - BCAS cutoff (01/19/01)
 - SPS cutover (02/09/01)
- Central Contracting
 - ACPS V15 GUI cutover (05/31/01)
 - Old ACPS on Data General cutoff (09-30-01)

Solicitations

WR-ALC/PK Acquisition Opportunities web site

FedBizOpps (EPS) web site

- Buyers should be posting synopsis directly to FedBizOpps now which will feed CBD
- Buyers should be posting solicitation, attachments and award notices directly to FedBizOpps
- FedBizOpps will replace CBD as single electronic entry point for public access to Government-wide business opportunities

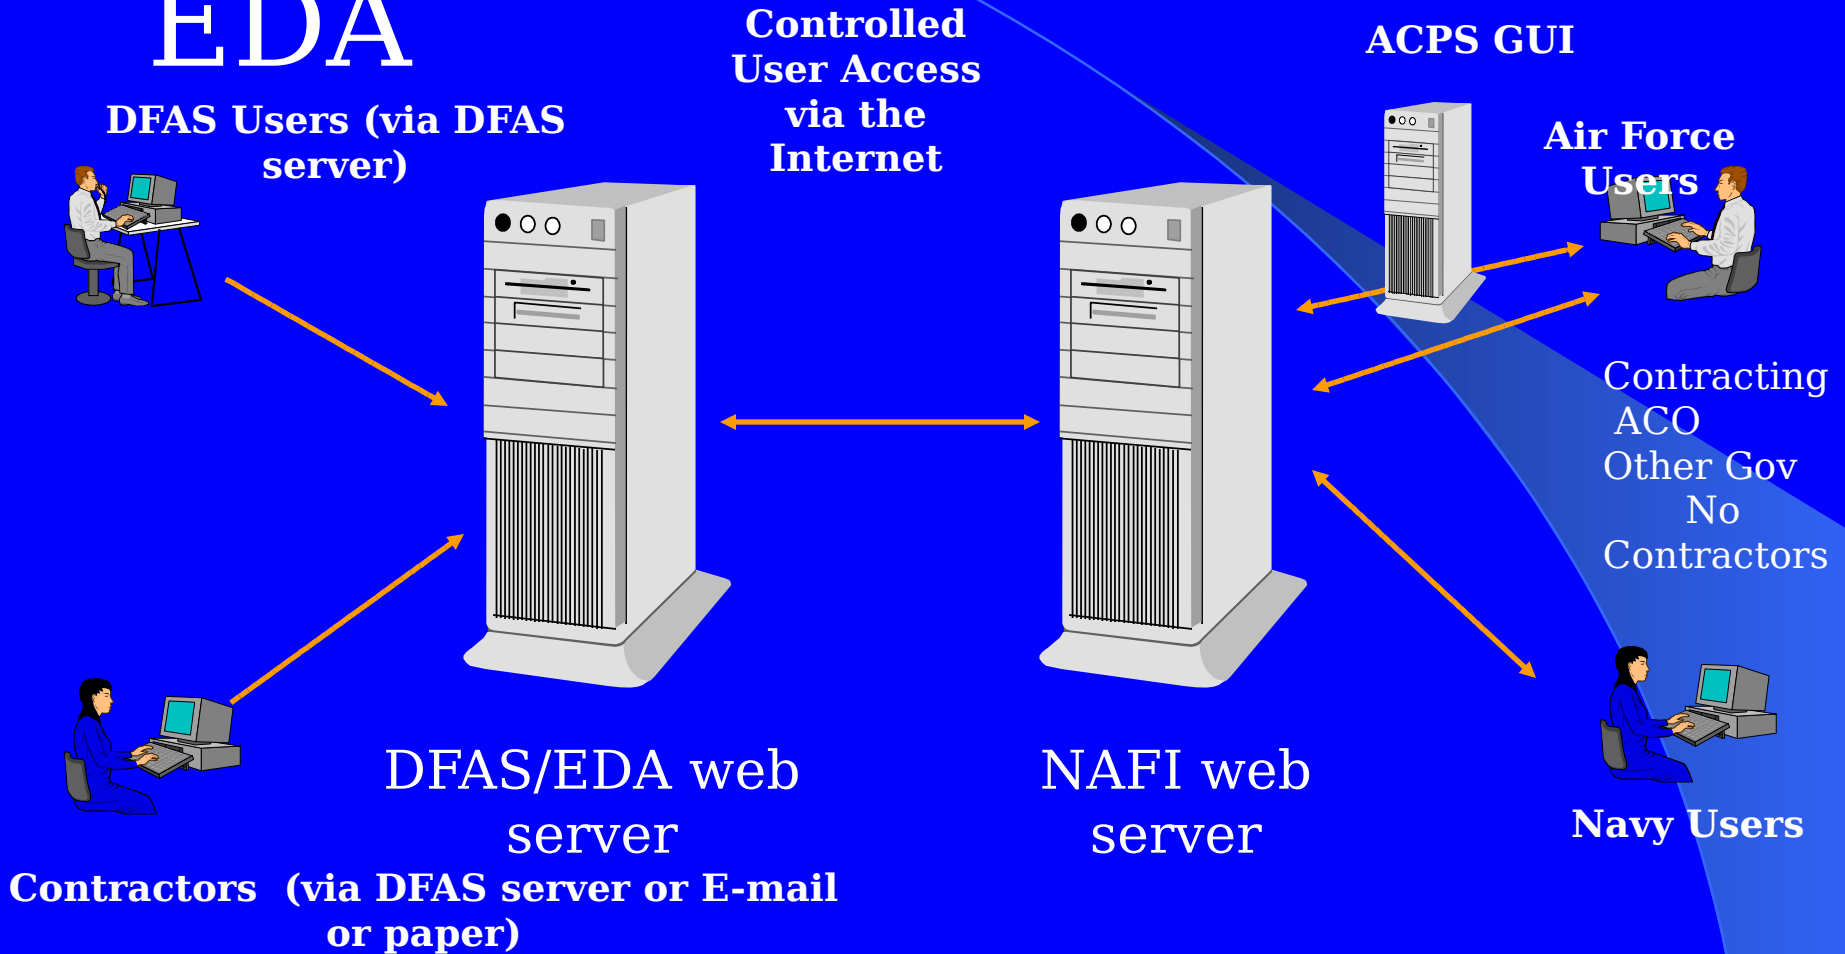

Distribution

NAFI (JEDA)

Navy/Air Force Interface

- Operational Contracting
 - BCAS and SPS provide automated feed to EDA
 - Some manual upload by buyer to web site
 - Provides for paperless contract distribution
 - NAFI automatically interfaces with EDA (DFAS)
- Central Contracting
 - Deployment coincides with ACPS V15 GUI which will provide automated feed to NAFI and ultimately EDA
 - Some manual upload by buyer to web site
 - Full deployment (July 01)

Distribution via NAFI and EDA

Payment WAWF Wide Area Workflow

- WAWF provides paperless billing, acceptance and payment
- Web server based
- Implementation date (?)
- Still testing

Contract File Digitization CFD

- Deployed Feb, 2001
- Buyers should be creating and accessing electronic contract file folders at their PC

Contract File Digitization Flowchart
